Our mission is to provide the most inspiring range of teen educational and family travel experiences to benefit the next generation and our world.

Our diverse educational and travel programs open up a world of opportunities. From pre-college academic programs on top university campuses in the United States to life-changing service-learning adventures and vacations with purpose in remote communities and epic sports trips in Europe and beyond, you'll find the perfect trip for your family with Terra Education.

"Our daughter went on a GLA program in Thailand, and when she returned we were so impressed with how passionate she became learning about the rest of the world. This inspired me to take the whole family on a Discover Corps trip to Costa Rica. It was an enriching and fun experience that brought us closer. I plan on sending our younger son to the Summer Springboard program when he is in high school."
